Dear Parents

An Internet Agreement and permission to display your child’s photograph in school publications etc. is attached. This Internet Agreement ensures that both you and your child understand the importance of using the Internet correctly for educational purposes and can use it responsibly. Please read this carefully and return it to the school with the relevant areas signed.

Student Access Rules

I understand that the Internet can connect my child with much useful information stored on computers around the world. While my child has access to the Internet:

He/she will use it only for educational purposes.
He/she will not look for anything that is illegal, dangerous or offensive.
If he/she accidentally come across something that is illegal, dangerous or offensive, he/she will:

a) immediately and quietly inform the teacher
b) clear any offensive pictures or information from their screen.
c) Keeping your password secret and not sharing it with others
d) not using others’ passwords
e) protecting the school system from viruses

He/she will not reveal anyone’s home addresses or phone numbers - not even their own.
He/she will not use the Internet to annoy or offend anyone else.
He/she will not attempt to harm or destroy the data of another user.
He/she understands that if the school decides they have broken these rules, appropriate action will be taken. This may include the loss of their Internet access for some time.

Parent or Guardian

As the parent or guardian of this student, I have read and discussed this contract with my son/daughter. I understand that the Internet can provide students with valuable learning experiences. I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers and that a very small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe ___________________________ (Name of Student) understands this responsibility, and therefore give my permission for him/her to access the Internet under the above rules. I understand that students breaking these rules will be subject to appropriate actions by the school. This may include loss of Internet access for some time.
